

# 2024 Fiix Forward

Expand Your Maintenance Universe

## What is Fiix Forward?

Fiix Forward is our annual conference focusing on training and education to ensure users continue to learn how to get more out of their CMMS. This year's focus is on using maintenance data to navigate daily operational challenges and enhance decision-making. Attendees will discover new ways to use Fiix through experts-led seminars, hands-on training, and live demos. At the end of the conference, attendees can share their knowledge with their teams to guide them through their maintenance maturity journey.

### Where and when

- The Peabody Memphis Memphis, Tennessee
- October 7-10<sup>th</sup>, 2024

## Pass pricing

40% OFF!

Early-bird price

Ends August 30<sup>th</sup>, 2024

**\$395**

Standard price

**\$650**

Meals during the conference are **included** in the pass price. Attendees must cover the cost of their transportation (flights, Ubers, taxis), accommodation (discounted conference rate provided), and pre- and post-conference meals.

## How your team, maintenance program, and company will benefit from attending

To make knowledge sharing even easier, attendees will have access to all the session slides after the conference.

### Fiix CMMS training

Attendees will participate in product training led by Fiix experts. They will learn how to make full use of the new and existing features and functions

in your CMMS. As well as an exclusive view of our newest product releases including Asset Risk Predictor, Prescriptive Maintenance and Asset Criticality, and more.

### Expert-led roundtables

Attendees will join roundtable discussions on CMMS topics like maintenance maturity, work order best practices, analytics and reporting,

etc. They'll get to ask questions, share challenges, and collaborate on ideas for solving real-world problems they're currently facing and bring those solutions back to the team at home.

### Professional development

Invest in your team's professional development by providing them with the opportunity to talk to other Fiix experts and users to learn from their experiences. They'll share ideas and strategies for finding success and improving their organizational impact using their CMMS.
