

EVENT OVERVIEW

What is FiiX Forward?

FiiX Forward is our annual conference focusing on training, education, and networking to ensure that users continue to **get more out of their CMMS**. This year's FiiX Forward is our most hands-on event yet. With bootcamp style learning, attendees will learn strategies to break through their biggest maintenance roadblocks and discover new ways to use FiiX® CMMS through expert-led seminars, hands-on training, and live demos. At the end of the conference, attendees can return to the shop floor ready to **improve decision-making, empower their teams, and transform their maintenance program**.

Where:
Hilton St. Louis at the Ballpark
St. Louis, USA

When:
October 5-8, 2026

SAVE 40%

Early bird

Ends September 4, 2026

\$395

Standard

\$650

Meals during the conference are **included** in the pass price. Attendees must cover the cost of their transportation (flights, Ubers, taxis), accommodation (discounted conference rate provided), and pre- and post-conference meals.

How your wider team, maintenance program, and company will benefit

FiiX CMMS training

Attendees will participate in hands-on product training led by FiiX CMMS experts. They will learn how to make full use of both the foundational and advanced features and functions in their CMMS.

Professional development

Invest in your team's professional development by providing them with the opportunity to network with other maintenance professionals and FiiX CMMS experts.

Expert-led roundtables

Attendees will join roundtable discussions on CMMS topics like maintenance best practices, integrations, analytics, and more. They'll get to ask questions, share challenges, collaborate on solving real-world problems they're currently facing, and bring those solutions back to the team at home.

To make knowledge sharing even easier, attendees will have **access to all the session slides** after the conference.
